Product Overview & Guides

All facial tissues are not created equal. In fact, more people choose Kleenex Facial Tissue than any other brand. Kleenex tissue offers superior performance, a premium feel and essential softness. When your employees, patients and guests see the respected Kleenex brand in your business and restrooms, they'll know that you select quality products, putting forth the best image for your business. It's a popular choice in healthcare and medical offices, hotels and lodging and businesses in general. For more than 80 years, Kleenex has delivered the highest quality among facial tissues, providing consumers with smart innovations like an ultra-soft feel and Signal Sheets (the last 10 tissues are cream colored instead of white, so you know it's almost time for a new box). You'll want to buy them in bulk. Choosing Kleenex lets everyone know that you care enough to provide the very best.

36 boxes of 100 tissues per case (3,600 sheets total); Each white Kleenex tissue is 8.3" x 7.8", 2-ply, absorbent, soft and strong

Kleenex is the world's number one facial tissue brand, trusted by more consumers than any other

Kleenex brand facial tissues have an 80 year history of excellence and high performance

The Signal Sheet keeps you ahead of run-outs (final 10 tissues are cream instead of white, so you'll know it's time to replace the box)

These bulk tissues are Forest Stewardship Council (FSC) certified
